Alleviating Isolation

"I can't thank you enough for all that you do for me. Every involved person has been so nice to me. They even help me put the items away which helps me so much as I am 92 years old, have a bad back and have to use a walker. Thanks again for the generous use of your time."

Boulder Together

Let's work together to help Boulder County's seniors age in place and live more independently

After several years of introspection and evaluation, BCCC completed a community 360-assessment survey in 2016 that included meaningful conversations with our funders, our government representatives, our clients, our volunteers and many other supporters. These conversations culminated in a singular message communicated loud and clear: BCCC's volunteers provide much more than services; they provide a gentle smile or a warm conversation each time they interact with our clients. As a result, the connections we make through our services have impacts far beyond what mere numbers can measure.

As we look back on our history, we celebrate the numerous meaningful connections we have made throughout 44 years of service, and we will strive to create countless more in our 45th year and beyond. We are filled with gratitude for all of those who have supported us along the way, whether through volunteering, donating, spreading the word or just cheering us on. Each one of you has helped us along this journey.

I invite you to join us as we look ahead to many more wonderful years to come.

Elliot Forsyth
