

# Everyone Deserves to Communicate

## Dial 711

Relay Colorado provides public service that enables people with hearing or speech loss who use a teletypewriter (TTY) or other assistive device to communicate with standard telephone users, relayed by a communications assistant.

This relay service is available in Spanish

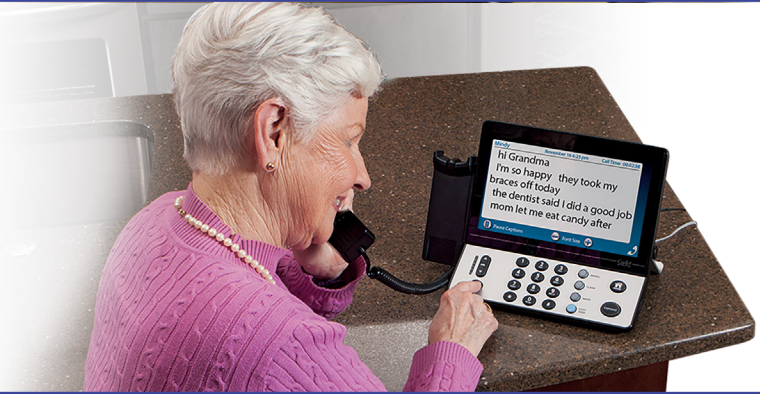

## Captioned Telephone (CapTel)

CapTel enables a caller who has a hearing loss to listen and read captions of everything during your phone conversations, similar to real-time caption on TV.

This relay service is available in Spanish

## Speech-to-Speech (STS)

STS provides services that allow a caller who has a speech disability to communicate with anyone at any time on the phone. A communications assistant repeats their words as needed for clarity.

This relay service is available in Spanish

## Relay Conference Captioning (RCC)

RCC enables people who have a hearing loss or speech disability to actively participate in conference calls, virtual meetings and webinars by reading live captions on their computer, laptop, or mobile device.
